

# ELECTRIC BRANDERS

L & H revolutionized animal identification methods with the originally designed tubular-type electric brander.

L & H Manufacturing Company is recognized nationally as the leader in this field. L & H makes the most complete line of livestock branders with thousands of satisfied users all over the world. Reduce the chance of loss and theft of your livestock. Mark them permanently with an L & H Brander. All L & H Electric Branders are custom made to meet your exact specifications. Available in many designs of letters and numbers.

## THOUSANDS OF SATISFIED USERS FOR OVER FIFTY YEARS

■ **FAST:** Will heat to branding temperature in ninety seconds and maintains constant even heat for producing a good brand. No waiting time for brander to reheat. Merely leave plugged in as long as you are branding.

■ **SAFE:** Eliminate open fires; decrease the chance of fire loss to farm and ranch structures. All L & H Electric Branders are equipped with 10' three wire grounded cords for added safety.

■ **SIMPLE:** Plugs into any 110 volt outlet, AC or DC, for fast, easy hookup. Brander is especially designed for a clear vision of the branding application.

■ **DURABLE:** L & H ELECTRIC BRANDERS are braced at all stress points with steel rods, keeping the heating element from bending or breaking. The brander is made of lasting, non-corrosive material and with ordinary use will give years of trouble free service.

\*Characters over 4" in height add \$10.00 per iron

\*220 Volt add \$15.00 per iron

\*20' Cord add \$10.00 per iron

# NUMBER BRANDERS

## Vertical Brander

L & H Manufacturing Company, originator of the tubular electric brander, continues to lead the industry by being the first to develop a convenient and permanent way of numbering livestock for production testing. Because branding elicits a permanent mark, the L & H Number Set is in popular demand throughout the country. Universities, Extension Services, Livestock Associations and Cattlemen have been using these sets for many years with complete satisfaction. The L & H Number Set consists of three complete

and individual irons. The first brander has the numbers one, two & three; the second has the numbers four, five & six; the third has the numbers seven, eight & zero. By inverting the six the number nine can be made. All numbers on the brander are hot at the same time and are offset so each can be applied separately. Only a few minutes of your time are needed to make a brand that will stay with the animal for a lifetime. Number sets are available with the numbers side by side or numbers one above the other in a vertical position.

- 2", 2 1/2", 3", 3 1/2" and 4" number brands (set of three) . . . . . **\$310.00\***
- 2", 2 1/2", 3", 3 1/2" and 4" number brands (nine individual irons) . . . . . **\$697.00\***
- 5" and 6" number brands (set of five) . . . . . **\$470.00\***

Also available in 2" and 2 1/2" with 3/16" face.  
\*220 Volt Available

*Using only a heavy duty three wire grounded extension cord connected to a three wire grounded electricity source will decrease your chances of an electrical shock and increase the quality of the finished brand. The iron will not work properly if the extension cord is improperly sized too small. See below chart for recommended gauge cord.*

		Wattage				
		350-500	600-750	1000-1250	1500-1750	2000
Cord Length	25'	18	18	16	14	12
	50'	18	18	16	12	10
	100'	18	18	14	12	10
	150'	16	16	12	12	10
	200'	14	14	10	10	10
		Gauge of cord				

# UNIVERSAL BRANDERS

The L & H Semi-Universal Brander has a half circle and a two and one half inch bar. Almost any number or letter can be made with a series of applications. This unit is extensively used for custom branding or numbering by stockmen with small herds. Operates on 110 volts, AC or DC.

■ Semi-Universal Branding Iron . . . . . **\$73.00**

The L & H Universal Brander is the same as the Semi-Universal Brander with the exception of having an added

four inch bar. This added feature will speed up the branding operation on some numbering and custom brands. Operates on 110 volts, AC or DC.

■ Universal Branding Iron . . . . . **\$82.00**
